PATTERN

Hat Sizing by Age	If your head circumference measures this...	...then make the hat height (base chain) this...	...and make the width of your hat this...
Preemie	12-13 in	6 in	9-10 in
Newborn-3 Months	13-14 in	7 in	10-11 in
3-6 Months	14-15 in	8 in	11-12 in
6-12 Months	15-16 in	9.5 in	12-13 in
12-24 Months	16-18 in	10 in	13-15 in
Child (3-10 years)	19-20 in	11 in	16-17 in
Teen/Small Adult	21 in	11 in	18 in
Medium Adult	22 in	11.5 in	19 in
Large Adult	23 in	12 in	20 in

Daisy Farm Crafts

The hat height given in the above chart includes 2 inches of brim that is rolled up. If you want your hat slouchier, add an extra inch. This written pattern is for a size 6 to 12 months, use the chart above for different sizes.

Chain 36 or length needed for hat height of size desired.

ROW 1: Begin in the third chain from the hook with HDC. HDC into each of the next 31 chains. Work SL ST into the final 3 chains, CH 1 and turn.

ROW 2: In the back loop of the first st, work 1 SL ST, back loop SL ST into the remaining 2 SL ST. Work HDC into the back loops of all HDC. CH 2 and turn.

ROW 3: HDC into the back loop of each HDC, SL ST into the back loop of final 3 SL ST, chain 12 and turn.

ROW 4: Beginning in the third chain from the hook, HDC into each chain (fringe made). Back loop SL ST into each of the 3 SL ST, back loop HDC into each HDC. CH 2 and turn.

ROW 5: HDC into the back loop of each HDC, SL ST into the back loop of final 3 SL ST, chain 1 and turn.

Repeat rows 2 through 5 until you have 41 rows or the width needed for size.

Tip: make your last row end at the brim of the hat if you'd like to slip stitch the two sides together.

To join the hat, match the last row and the first row together. Work slip stitch in the front loop of the HDC and underneath the chain of the first row.

Tie off with a long tail. Using a tapestry needle, gather the top of the hat together, just under the fringe. Work the tail around the base of the fringes several times to secure. Weave in the end and clip.
